REGISTERED NURSE PATHWAY

Associate in Applied Science Degree in Nursing Program

The Associate in Applied Science (AAS) degree in Nursing graduate is eligible to apply for licensure as a Registered Nurse (RN). The RN is educated as a generalist who delivers health care to clients and family groups and has competencies related to the art and science of nursing. The RN may be employed in a variety of acute, long term, and community-based healthcare settings. The AAS degree in Nursing provides the graduate with an educational foundation for articulation into the university setting.

Program Notes: Students must earn a grade of C or better in all courses required within the program.

Have a minimum cumulative grade point average of 2.000 in all courses used to fulfill degree requirements. Some specific programs have higher grade requirements. It is the student's responsibility to check with the appropriate academic advisor.</p> <p>6. Have no unmet prerequisites for any required courses.</p>	<p>All candidates for a degree and/or certificate must complete the General Graduation Requirements as approved by the MCCCD Governing Board.</p> <p>All students are encouraged to consult with their academic advisor or counselor.</p> <p>LICENSURE DISCLAIMER Maricopa Community Colleges courses and programs prepare students to entry into a variety of professions. Most of these professions require additional education and/or training beyond the college/university level.</p> <p>It is possible for a student to complete the degree or certificate requirements for a particular profession also complete the degree or certificate requirements for another profession. The student is responsible for ensuring that the program of study is appropriate for the intended profession.</p> <p>The general education of the program of study for an associate degree or a certificate enables students develop a greater understanding of the world, of their relationship with others, and of the role they play in society. The general education experience provides students with opportunities to explore a wide range of knowledge and experiences that will contribute to their personal and professional development by exposing them to new ideas, perspectives, and experiences.</p> <p>The general education requirements, the Maricopa Community College District is committed to helping students develop the skills and abilities that will serve them throughout their lives.</p> <p>Students are encouraged to consult with their academic advisor or counselor.</p> <p>Consider the ethical, social, and environmental impacts of personal, professional, and social decisions.</p> <p>Communicate effectively, personally, socially, and professionally.</p> <p>Think critically, make informed decisions, solve problems, and implement solutions.</p> <p>Engage in the learning process throughout their lives.</p> <p>Integrate and connect ideas and events in personal, professional, and social relationships among the past, the present, and the future.</p> <p>Develop a personal sense of aesthetics.</p> <p>Use resources appropriately and productively.</p> <p>Work cooperatively and respectfully with others to solve their problems.</p> <p>The general education experience at MCCCD is composed of specific elements across the curriculum designed to provide the learner with essential knowledge and skills.</p>	<ul style="list-style-type: none"> Communication Math and Numeracy Nature Interdisciplinary Problem Solving and Critical Thinking Cultural Diversity General Studies, International Studies (example: PVO, ISB) 	<p>1. The AACC is designed to satisfy requirements in many liberal arts majors as well as other majors that articulate with an Associate's degree in biology, social sciences, fine arts, business, or community education. AACC requires a minimum of 12 semester credit units.</p> <p>2. The AACC is designed to satisfy requirements in business majors that articulate with the Associate in Business. AACC requires a minimum of 12 semester credit units to satisfy the Mathematical Applications (MA) requirement.</p>
<p>A shared program requires a minimum of 12 semester credit units toward the degree or certificate. The 12 hours in the degree or certificate controls may be in the Designated Courses area and/or Restricted Electives. The association is the responsibility of the program. Nursing students must apply for graduation from the college where they have successfully completed each of the Associate in Applied Sciences in Nursing Courses in the General Education Core and Distribution area as outlined. For those shared programs with less than six credit hours, the total hours for the program must be completed at the college granting the certificate.</p>	<p>Students who are currently enrolled in a degree or certificate program at another college/university may petition for general education requirements within the degree or certificate program. Changes in order to meet current educational standards.</p>	<p>MCCCD offers a transfer, students have the option to petition for general education requirements within the degree or certificate program.</p>	<p>Students who are currently enrolled in a degree or certificate program at another college/university may petition for general education requirements within the degree or certificate program. Changes in order to meet current educational standards.</p> <p>Requires completion of at least 36 credit hours. AACC requires a minimum of 12 semester credit units.</p>
<p>3. Have had an application for the degree or certificate with the Admissions and Records Office of Student Enrollment Services on the date determined by the college/university.</p>	<p>The general education of the program of study for an associate degree or a certificate enables students develop a greater understanding of the world, of their relationship with others, and of the role they play in society. The general education experience provides students with opportunities to explore a wide range of knowledge and experiences that will contribute to their personal and professional development by exposing them to new ideas, perspectives, and experiences.</p>	<p>AJACC - A, 25, 30 Description: The Maricopa Community College District requires MCCCD students to complete a general education program that meets the requirements of the AACC.</p>	<p>Completion (PVO) rates in the following AACC descriptions for credit requirements:</p> <ul style="list-style-type: none"> 1. All courses applied to the AACC must be completed with a grade of "C" or better. 2. All courses applied to the AACC must be completed with a grade of "C" or better.
<p>4. Have a minimum cumulative grade point average of 2.000 at the college granting the degree.</p>	<p>The general education requirements, the Maricopa Community College District is committed to helping students develop the skills and abilities that will serve them throughout their lives.</p>	<p>In order to meet the requirements of the MCCCD AACC, all apply to graduation requirements of the university major for which the AACC was designed.</p> <p>There are three types of AACCs in MCCCD: AACC-A, AACC-B, and AACC-C. The AACC-A is designed to meet the requirements of the MCCCD AACC, AACC-B, and AACC-C. The AACC-B is designed to meet the requirements of the MCCCD AACC, AACC-B, and AACC-C. The AACC-C is designed to meet the requirements of the MCCCD AACC, AACC-B, and AACC-C.</p>	<p>Application rates are available for each of the AACC.</p> <ul style="list-style-type: none"> A single course can simultaneously count toward one or more AACCs and other AACC requirements. For example, a course in world geography can be used to satisfy ISB and ISG requirements. When multiple requirements can be met with a single course, the credits for that course are only counted once toward the AACC.
<p>5. Have a minimum cumulative grade point average of 2.000 in all courses used to fulfill degree requirements. Some specific programs have higher grade requirements. It is the student's responsibility to check with the appropriate academic advisor.</p>	<p>Students are encouraged to consult with their academic advisor or counselor.</p>	<p>Art (SWA) degrees. The AACC-B defines the general education requirements in the Associate in Business General Requirements.</p> <p>Business, Health, and Human Services degrees. The AACC-B defines the general education requirements in the Associate in Business General Requirements.</p> <p>Education, Health, and Human Services degrees. The AACC-B defines the general education requirements in the Associate in Business General Requirements.</p> <p>Liberal Arts and Sciences degrees. The AACC-B defines the general education requirements in the Associate in Business General Requirements.</p> <p>Transfer Credit from Institutions Outside of MCCCD</p>	<p>Business Area:</p> <ul style="list-style-type: none"> The AACC-A and AACC-B require a minimum of 36 credits and must be completed within the time frame for a degree or certificate. More than three semesters of courses are also applied toward Required Courses in Restricted Electives and the credits are counted toward the total credits for a degree or certificate. Transfer Credit from Institutions Outside of MCCCD Credits transferred from outside of MCCCD must be a grade of "C" or better in all units. Transfer credit granted partial or partial credit may be used to satisfy AACC requirements if documentation is submitted. In the community college indicates that the student is currently enrolled in a course and that the student is currently enrolled in a course.
<p>6. Have no unmet prerequisites for any required courses.</p>	<p>Students are encouraged to consult with their academic advisor or counselor.</p>	<p>Free Arts, and Design (FAE) and Natural Science (NS). Students must satisfy two AACC areas: Cultural Diversity in United States (C) and either Global Awareness (G) or Natural Science (NS).</p> <p>Transfer Credit from Institutions Outside of MCCCD</p>	<p>Transfer Credit from Institutions Outside of MCCCD</p> <ul style="list-style-type: none"> Credits transferred from outside of MCCCD must be a grade of "C" or better in all units.
